### *To Whom It May Concern:*

This letter serves to recommend **Andrija Kunarac** for employment. I worked with him for four years at Telekom Serbia, where we were both optical network engineers.

**Andrija Kunarac** is one of the best engineers I have ever met. He is skilled at network projecting, maintenance, great at managing his time and incredibly organized. He is persistent without being annoying, and above all he gets results.

In our Network Department, **Andrija Kunarac** was very well known and recognized as the expert for his jobs.

After **Andrija Kunarac** left our company, I had cooperation to him some optical network projects for private investors and I always could say that it is my pleasure to work with him.

Any company should be happy to have **Andrija Kunarac** on board.

Sincerely,

**Nenad Radenković, M.Sc.EE**
